We bought him for a bit of coins, thinking we could teach him a trick or two.
He turned out to be a dud.
Then i'd like to purchase him as my sevant.
No problem, sir.
I won't ask much. Just a little bit over the amount of money we spent on him and meals he has wasted.

Hmm, now you are looking much better.

Why did you stop me ?
Your hatred toward her was deep as far as I could tell.
Even you could not kill your own parents when you could.
Your parents who sold you for money.
... True.

What did you come here for?
I will be at the school tomorrow, you know.
How bad is it ?
Nothing bad.
Just few scratches and a crack on my leg bone.
Nothing at all to worry about.

What is it ?
I think Ban-Ah regained her lost memories regarding the accident.

She came to see me few days ago.
She even remembered the scene where I was having the affair.
I hoped that she'd never regain that memory...
I am sorry.
Speaking of which, though,
I have a question about it.

About her
I was positive that she was a goner. How did she suddenly recover from such fatal wounds?
I later inquired the hospital about it. They were clueless.
How did that happen ?
I didn't ask because of Ban-Ah's condition at that time, but now we can talk, can't we?
No, I'd rather not talk about it even now.
What ?

Eun-Joo, she -
was different from any other girls I've seen.
She was always staring afar.

And she looked like she wasn't interested in anything.
Come back !

The first thing I did after becoming a monster was -

To find those who ultimately made me become what I became in the first place.
Even after ripping them apart, my ire remained the same.

The second destination was to find my so-called parents who sold me like a piece of shit.
They begged and begged again on four.

Insisting that they had to do what they had to do because they were starving too much.

At one point, the excruciating pain started to turn into arousing pleasure.

It was the first time I had sensations like that.

Hey, say something !

Not picking up her phone, either.
Did something happen at school?
Or did you have a fight with her ?
No, actually, she has been unusually quiet lately.
We need to find her.
Know any places she might have gone to ?
The park nearby or PC room, or her dad's apartment.
I doubt she went to see her dad.

Okay.
